Rack Mount Power Strips and Script Lights

EPS-1-1S 1U Rack Mount 6 Outlet Power Strip with Surge Suppressor, MAX Surge Dissipation 90 Joules

EPS-1S-F 1U Rack Mount 6 Outlet Power Strip with Surge Suppressor, MAX Surge Dissipation 90 Joules, 6 Outlets on Front

EPS-1S-WWF Wall Wart Power Strip

Rack Mount Halogen Script Light

The Rack Mount Halogen Script Light designed by KAE Corporation provides directed light with two levels of intensity. An easy to reach three position switch with a plastic guard. The light hood and 1U panel comes with a black powder coat finish. The hood extends 5 inches from front of rack.

The rack mountable six outlet power strip with surge suppressor, the EPS-1S, comes with a 6 foot power cord. The power strip has a 15 amp circuit breaker with reset. Front panel red lighted on/off switch. Transient suppression voltage is rated at 400 volts. 1 rack unit.

In response to the broadcast engineers, KAE Corporation now offers a 1U rack mountable six outlet power strip with surge suppressor, the EPS-1S-F, with all six outlets mounted on the front on the panel.

KAE Corporation now also offers a 1U six outlet power strip for mounting 'wall wart' power supplies. The EPS-1S-WW-F comes with a 6 foot power cord, 15 amp circuit breaker with reset, lighted on/off switch and surge suppressor. Outlets on the front of the panel. 2.4" centers on outlets.
